 NORTH AMERICAN MISSIONS January 2015 METRO MISSIONS

**SCOTT & LIANE GRANT, Career Church Planters to Quebec
 - North America's greatest mission opportunity!**

Deputation Update

With our transition from Metro Missionary to Career Church Planter status last year, we had to do some deputation travel. We hope to finish this spring, so that we can start on our next church plant. International Church, which we started in Montreal's South Shore, will celebrate its 5th anniversary this summer and is growing rapidly!

While other great means of training exist, not everyone can leave home to be trained. The unique one-weekend per month format allows people with other responsibilities to participate in preparation for ministry.

In Montreal, we have over 50 students enrolled in the French and English campuses, and along with other district ministers, we are preparing them to be released into their work in the harvest. Some students are already involved in ministry in Quebec City, Trois-Rivières and Sherbrooke, and the rest are a blessing in the churches across metro Montreal.

Not only do they study the fundamentals of doctrine, spiritual disciplines and evangelism, but they also earn life experience credits by coming alongside their pastoral mentors in the harvest, teaching Bible studies and ministering to others.

So far, 33 students have received their Foundational (4-semester) diploma and 10 have received their Advanced (8-semester) diploma. Many more are being trained: the harvest is great and the workers are being prepared!

Training Workers through Purpose Institute

"Then saith he unto his disciples, The harvest truly is plenteous, but the labourers are few; Pray ye therefore the Lord of the harvest, that he will send forth labourers into his harvest."

(Matthew 9:37-38)

The greatest need of the harvest is workers. However, if we sent a bunch of untrained individuals into a field, we would only have chaos. When we prepare workers, training them to pray and minister with effectiveness, the results speak for themselves.

Liane and I have had the privilege of leading a Purpose Institute campus in Montreal for the last five years. One of Purpose Institute's themes has been "sharpening the sickle without leaving the field".

Thank you for your prayers and support; God bless you!

WE WOULD LOVE TO HEAR FROM YOU!
