

**SCOTT & LIANE GRANT, Career Church Planters  
 to the most under-evangelized area in North America**

**The Field is the World**

I am amazed at how the Lord is bringing the world to our doorstep, especially in our big cities. It is quickly become a reality that Global Missions and North American missions are inextricably linked.

Consider Mario and his family. He came to us from Madagascar just a few months ago. Already disciplined and working alongside local leadership there, we were connected by our UPCI Missionary to Madagascar, Chris Richardson.

From the moment their feet hit the ground in Montreal, Mario and his wife Adina have been a valuable addition to our Metro Missions church plant. Who would have thought that by reaching and discipling people in Madagascar, an impact would be felt here in Montreal?

Mario introduced us to some friends and relatives when we helped him move some furniture. Among these sweet folks were Judicael and his wife. To make a long story short, they have begun to be a part of things here at Interna-

tional Church in Montreal's South Shore. Both Mario and Judicael are reaching with zeal for their neighbors and friends in the Malagasy and French communities.

Judicael was baptized in Jesus' name just a couple of weeks ago and so was Elisabeth (the mother of one of the ladies in our church), who was visiting us from Lomé, Togo. Imagine touching lives from two disparate African countries without leaving Montreal! The world is truly at our doorstep!

Thank you for your help in reaching people from Togo, Madagascar, the Congo, Cameroon, Burundi, Jamaica, Haiti, Columbia, El Salvador and Mexico etc. by supporting our work in Montreal, Quebec. After being saved and disciplined, some will return home to serve, while others will minister right where they are able to impact both their native culture and their adopted one.

**In ministering to our Metro cities effectively, we are ministering to the world!**
