NOVEMBER 2015

**SCOTT & LIANE GRANT, Career Church Planters to Quebec  
- North America's greatest mission opportunity!**

### PurposeInstitute

### TRANSLATION PROGRESS

Purpose Institute has been a big part of our work here in Quebec. We have students enrolled in both the French and English campuses and we are excited to have 12 students from four new cities: Sherbrooke, Drummondville, Saint-Hyacinthe and Granby. We cannot go everywhere in this needy field, but we can have a hand in training those who can! Each of these cities has a significant population, and to impact leaders who have influence there is an awesome opportunity. We have over 80 students enrolled in Purpose Institute this semester.

The King's Translators group has just completed their sixth Kids Power Hour series in French, as well as the third book for girls in the Pure Path series. They are also working on ministerial training materials. Our continued work in partnership with the French Literature Cooperative is paying dividends in facilitating essential apostolic resources for outreach and training in French-speaking areas of the world.

We are grateful to all who are involved. This effort brings together teachers from across the district and serves to forge some awesome mentoring relationships. So far, four of our graduates have been licensed in the UPCI and they and many of our current students are forging forward in effective ministry in various places in Quebec. The Lord did say to go, teach, baptize and teach (Matthew 18:19).

Representatives from North American Missions, Global Missions and Purpose Institute have linked arms to touch the French-speaking world! There are about 275 million French speakers around the globe, of which almost 10 million are in Canada, and over 11 million are in the United States. Thanks to the generosity of sponsors and authors, many apostolic French resources can now be downloaded free of charge at:
