SEPTEMBER 2021

**SCOTT & LIANE GRANT, Career Church Planters in Quebec City  
– North America’s greatest mission opportunity!**

### NEW LOCATION!

This has been a summer of transition, as we were able to purchase a home on **Rue Bienvenue [Welcome Street] in beautiful Quebec City**. A new pastor, Rev. Serge Towa, has been installed in Trois-Rivières and the church is thriving there.

Our new home is actually over 50 years old, but is in an accessible location, with 9 parking spaces, space for multiple small groups and a portable baptistry, and **zoning that allows for church offices and a training centre**. Since Quebec City is the capital of our province, Mission Montreal is becoming “CAPITAL MISSION CENTRE”. We pray that God will anoint our home and use it for His Kingdom!

The things we just mentioned are becoming more and more crucial with the way the culture has changed here because of the pandemic. After almost a year of closure, the community centre where we hold Sunday service finally reopened in July with masks and distancing required. But now we have the issue of **vaccine passports being required for entry to many public spaces**. So until we can locate and purchase a church building, it is vital that we have space in our home to meet with people in small groups.

#### More praise reports:

- Dylan, who was baptized during the pandemic, attended his first small group meeting with us last week.
- We were able to have a live **Purpose Institute graduation** this year, with 12 graduates. We are returning to live campus sessions this fall, with many new students already enrolled.
- The King’s Translators team is on track to reach their goal of 100 books published on Amazon by their 10th anniversary.
- Liane is launching **Nonprofit Translation Solutions** to help missionaries and ministries make written materials available in other languages. Check it out at: [www.NonprofitTranslation.org](http://www.NonprofitTranslation.org)

We want to express our heartfelt thanks for your prayers, support and encouragement for our work in Quebec!
