**SCOTT & LIANE GRANT, Career Church Planters
to the most under-evangelized area in North America**

***“Stupendous works arise
from small beginnings.”***
William Merritt

The founder of the Welland Canal had it right! Every work of significance starts small. A magnificent kingdom begins with a single birth. A massive change begins with one defining decision. A significant, impacting church begins with a small inconspicuous gathering of believers focused on the true church builder, Jesus Christ.

We just travelled to Quebec City for a Bible study with 5 people but here is the thing: one of those 5 people might be a Paul or a Lydia or a Mary. We go with an understanding that everything has a starting place and that one point of light in a home is more than we have had in this city for a long while!

Pray for Sophie who has opened up her home to us. She is a new convert who is excited to see a church begin in Quebec. She travels to Trois-Rivières almost every Sunday to be in service with us.

Our prayer is that the Lord will lead us to key people in Quebec’s capital. In the beginning of His ministry, Jesus spent all night pray-

ing for wisdom in His choice of the twelve. That is my prayer for Quebec City: “Lord, lead me to the twelve. Lead me to the key people who will bear significant influence in the building of Your kingdom in this strategic city.”

We are thankful for the support of Purpose Institute students as well as saints in Trois-Rivières and Montreal, who are teaming up with Liane and I in this new endeavour. The Lord turned the world upside down with a small, committed core. God has great things in store for Quebec! We are grateful to play a small role.

As part of our new mandate as Career Church Planters to Quebec, I will be doing some deputation travel this summer. We are trying to minimize the time that I am away, to reduce the impact on the South Shore and Trois-Rivières churches, the Quebec City efforts and the Purpose Institute campus.

If some of our previous donors can recommit, or if current donors are able to increase their pledge, this would be a tremendous help.

God bless you for partnering with us!
